Association of Lifelong Learners:

Whether you are currently a member or a prospective member, the Association of Lifelong Learners (A.L.L.) can be the place for you on Tuesday afternoons during the months of September through early May. We take the summer off.

We meet from 3:00 P.M. until 4:15 P.M. on Tuesdays at the Ball State Alumni Center just West of the Ball State Football Stadium in Muncie, Indiana. We are a group of adult learners who enjoy a wide range of interests. Our programs cover a diverse range of topics including historical and current events, special interests and some that are just fun. Our members are from diverse backgrounds and ages but share a common interest in lifelong learning. It is our hope that we never stop learning. We hope that you come and join us and never stop learning new things.

Gerald L. (Jerry) Murray, President
