

Kays Diner

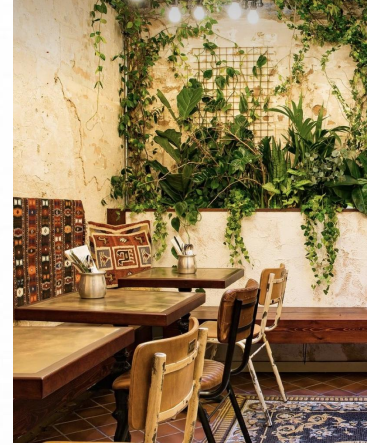

Vanessa Smith

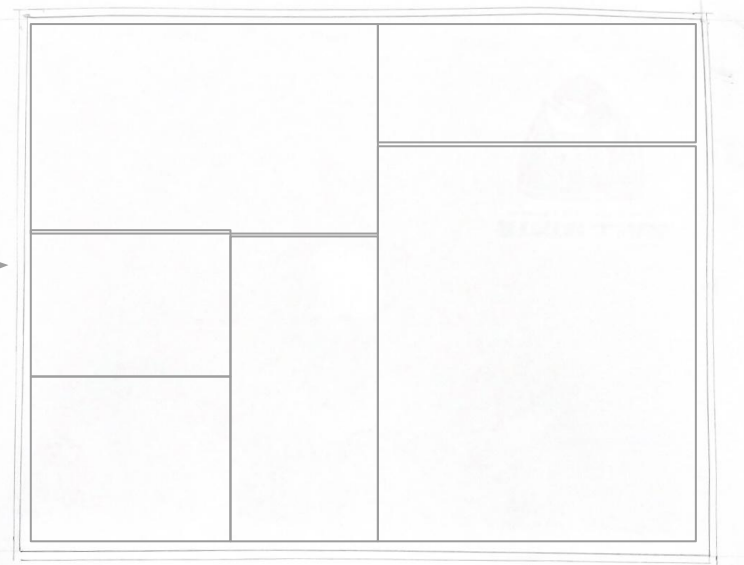

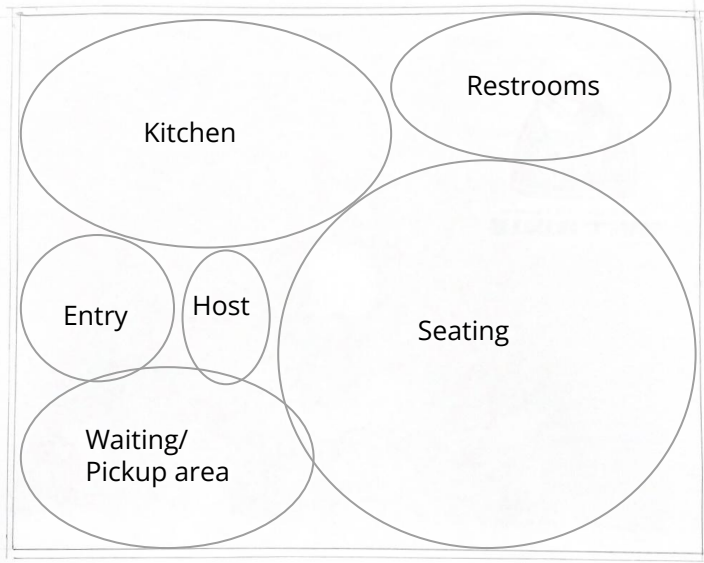

Design Statement

Kays Diner is an all day breakfast place located in Houston, Texas on Westheimer Road. Instead of the more traditional retro look of a diner, Kays diner has bright light and soft colors like pink and blue. While being located in Houston there are going to be plants inside the building to give it that indoor/outdoor feel. The colors create a comfortable feel to attract more people into the restaurant while allowing them to stay longer and enjoy their meals.
