Creative Activities

Partnered with Adam Thatcher in the Department of Theatre and Dance to coordinate the final studio project for THEA 337 students. Students were coached in selecting developmentally appropriate children's storybooks to present to the children at the Child Study Center (Fall 2018, Spring 2019).

Partnered with Dr. Shireen Kanakri to develop age-appropriate preschool activities to conduct in the Environmental Health Research Design lab with typical and atypical (Autism Spectrum Disorder) 4 and 5 year old children. Identified a series of activities ranging from easy to difficult to measure persistence and attention span while manipulating light and sound in the laboratory. Provided resources and feedback on supplies, materials and furniture for EHRD lab (2016-2017).

Creative Teaching Projects

Mentored School Counseling Psychology graduate students on their pre-k advanced practicum experience at the Child Study Center. Provided curriculum feedback, resources, and developmental information to assist students in planning and implementing age-appropriate activities to enhance children's social-emotional skills. Dr. Jungnam Kim served as the course instructor (May 2018-June 2018), (May 2017-June 2017), (May 2016-June 2016).
