Student status:	<input type="checkbox"/> Undergraduate <input type="checkbox"/> Graduate Student
Credits earned by the end of Spring:	

Application Procedures:

Applications for the Mortensen Fellowship will require a 2-3 page proposal for a service project to benefit the Department of Natural Resources and Environmental Management or the local community.

The proposal should include:

- Applicant and faculty mentor information
- Project design
- Specific goals of the project
- Anticipated outcome of the project
- How the project will benefit the department and/or the local community

Applicants should contact any NREM faculty member to request their services as a mentor to supervise the proposal development and the service project. Credit, agreed upon by the faculty mentor and the applicant, may be earned in NREM 497/597 if desired.
