

## Ball State University Guardian Scholars Program

### PROGRAM DESCRIPTION:

The Ball State University Guardian Scholars Program is designed for Indiana students attending Ball State University who are either current or former foster youth. The Guardian Scholars Program provides not only scholarship support but also a variety of postsecondary support and referral services to help eligible recipients achieve their goal of a baccalaureate degree at Ball State University. The Ball State Guardian Scholars Program admits up to five incoming freshmen or transfer students each year (Fall Semester only). Each scholarship award will be up to a total of \$2,500 per year (and can be disbursed for the Fall, Spring, and/or Summer semesters), and the award amount cannot exceed the student's cost of attendance as determined by Ball State University's Office of Scholarships and Financial Aid. The scholarship is renewable for up to four years, subject to review. (Recipients *must* live in University-owned housing in order to receive room and board. Guardian Scholars who are incoming freshmen are *required* to live in University-owned housing their freshman year (in accordance with the University's On-Campus Residence Policy), and are strongly encouraged to live in University-owned housing the first two years. Upperclassmen and transfer students who choose not to live in University-owned housing may face a reduction in their award amount.) Recipients must be pursuing their first baccalaureate degree; and scholarship recipients are selected by a review committee, based on a competitive application process. **The scholarship is contingent upon available funding.**
