Section IV. Guiding Questions

- Are you reviewing and sharing the “open-ended” responses? If so, who is involved and how are they shared? Have any comments led to any significant changes or, if positive, recognition?
- Which areas can you identify as areas for improvement? What strategies and resources would your program utilize to address these?
- Are there ways that your EPP can continue to support completers, in order to enhance their effectiveness during their first 3 years of teaching?
- Are there any trends that you can identify comparing this data with your EPPs other measures for CAEP Standard 4?
