

IDOE Teacher Survey Longitudinal Data

CAEP Standard 4.4: Satisfaction of Completers

The provider demonstrates, using measures that result in valid and reliable data, that program completers perceive their preparation as relevant to the responsibilities they confront on the job, and that the preparation was effective.

Aggregate Responses

This survey is administered by the Indiana Department of Education per House Enrolled Act 1388 on an annual basis. Aggregate data is posted on the IDOE website. The IDOE shares disaggregated data per content area to each EPP. Principals are responding to statements divided into three domains (knowledge, disposition, and performance) and reflect elements of the Council for the Accreditation of Educator Preparation (CAEP) and the Model Core Teaching Standards, Interstate Teacher Assessment and Support Consortium (InTASC). EPPs are expected to meet these standards in order to prepare educators for licensure (511 IAC 13-1-1).

¹ According to the IDOE, the lower 'n' in 2020 is likely due to COVID-19.

² According to the IDOE, there were problems with the administration of the Teachers Survey in 2023 leading to a significantly lower 'n' for all EPPs. The IDOE plans to rectify this prior to the next administration.
